

Thermal Wire Stripper

WS

WS is the ideal solution to strip wire insulations.

The self-centering design ensures a perfect tip alignment, allowing to remove the insulation without damaging conductors.

Cartridge extractor facilitates fast and safe cartridge change of different tip size according to the job.

It comes with the WS440 Tweezers for which 3 cartridges are available, designed to work up to 36 AWG.

Cartridge customization is available to satisfy any special requirement. Contact us on customtips@jbctools.com
